

Bridal Service Menu:

Formal Styling: This includes up-dos whether they are completely up or half down. It also includes all medium to long styles that are braided or treated to an all over curling. These styles are done to last the duration of your event.

Formal Fringe: This is for a person whose hair is too short (chin length or shorter) for an up-do but would like to have her hair styled for a special occasion. It will include a light blowing, product, curling and hairspray to help keep the finished look.

Makeup: Makeup services include airbrush foundation. It is sweat proof, cry proof and water proof. We use primers on the eyes to be sure your look will last all day and night.

Lashes: False lashes are an optional service. They are available with either individual lashes for a more natural look or strips for a bit more drama. We use waterproof adhesive to be sure they last your entire event.
